EDUCATION

Georgia State University

Bachelor of Science in Computer Science

Atlanta, GA

Aug. 2020 – May 2024

- GPA 3.49/4.00
- Relevant Courses: Data Structures, System-Level Programming, Computer Organization and Programming, Probability and Statistics for Computer Science

TECHNICAL SKILLS

Languages: Java, C, HTML, CSS, Bash

Technologies: Spring, Git/Github, Linux, Postman, VS Code, Visual Studio, IntelliJ, Eclipse

PROJECTS

Customer Reservation System | *Java, Spring Boot, Thymeleaf, MySQL, Maven*

- Developed a CRUD based customer reservation system using Spring Boot
- Designed a user-friendly interface using Thymeleaf for customers to interact with the system
- Utilized Spring Data JPA to interact with a MySQL database, allowing for efficient storage and retrieval of customer reservation information

Cinema Room REST Service | *Java, Spring Boot, Gradle*

- Developed a RESTful service using Spring Boot that helps manage a small movie theater
- Created services that accepted HTTP requests for purchasing and returning tickets, displaying seat availability and pricing, and displaying theater analytics
- Implemented custom exception handling for invalid requests, giving users a clear description of the issue

Readability Score | *Java*

- Developed a command-line program to evaluate the difficulty level of user-provided text
- Referenced four distinct readability tests to compile an accurate difficulty score for the user
- Utilized regular expressions to effectively parse through text to calculate the number of sentences, words, and syllables

ADDITIONAL EXPERIENCE

Stow Associate

Amazon

May 2021 – July 2021

Newnan, GA

- Stowed materials under tight time constraints while maintaining productivity above 205 scans per hour
- Received recognition from management for prioritizing precision over speed despite working in a fast-paced environment

Merchandise Execution Associate

JCPenney

July 2018 – Oct. 2020

Newnan, GA

- Maintained upkeep of sales floor to ensure merchandise was presented to patrons in an appealing manner
- Engaged and interacted with a variety of customers, resolving their issues and answering their questions
- Collaborated with management and team members to showcase company merchandise and increase sales
